

## LOOK THE PART™

### A GUIDE TO DRESSING FOR SUCCESS ON THE JOB

**Duration:** 60-Minutes

**Audience:** Front-line personnel with direct and frequent customer interaction

**Session Highlights:** Self-assessment, action plan and session evaluation

**Mode:** Instructor-Led Development Session

---

**Session Objective:** Identify how to present a professional image at all times

This training session is a guide to dressing for success on the job. Participants will discover how to ensure 'business casual' is aligned with a professional image that supports the company brand. Through discussion and small-group activities participants will gain an awareness of how to achieve a professional appearance while maintaining their own personal style.

This session also reveals best-practices for choosing attire that is appropriate for their role in the company. Participants will also complete a self-assessment and action plan to connect the concepts with the real-world demands of their current work environment.

As a result of this session participants will be equipped with core skills that empower them to 'look the part' regardless of their actual job title. With a focus on front-line and customer-facing employees this program uses a down-to-earth, conversational tone.

*Prerequisites: Not Applicable*

*Maximum Participants Per-Session: 25*
